

## City of Powell Tree Planting Permit

This permit is completed, signed and returned to the City Arborist before the purchase and installation of a deciduous or evergreen tree or shrub is installed on City easement or Right-of-Way. Once this permit has been completed and an underground utility clearance check has been made, the resident may proceed with tree and/or shrub planting. There is no fee for this permit.

To provide for the best opportunity of tree or shrub survival refer to the appropriate mulching, watering, and fertilization guidelines provided in the City of Powell Street Tree Planting and Establishment Guidelines.

---

Address of tree planting location

---

Location of the tree(s) on the property (E, W, N, S)
