

Current Project Status – 1/17/19

We are excited to announce that construction on the Absaroka Street Reconstruction Project will begin soon. The projected schedule for the next two months is as follows:

- Removal of trees and roots will begin on January 28, 2019 on the block between Third Street and Fourth Street and contractor will progress north. Tree removal for the project should be completed by February 12, weather permitting.
- The contractor will be closing one-block sections of Absaroka Street between intersections, to complete tree removal work.
- Utility potholing will begin during this period as well.
- A public information meeting will be held at 5:30 PM on March 11, 2019 at City Hall to provide project details. A brief overview of the project will be given followed by a presentation by the contractor on the schedule and process for the major reconstruction work. On-site personnel will also be introduced at this meeting.

There will be restrictions on traveling and daytime parking in the project area during the tree removal work on the project to facilitate the contractor completing work as quickly and efficiently as possible.

Please continue to watch the website for project updates.
